

## Working visit to the Republic of Moldova

During the period 15.12.2025 - 18.12.2025, the "Ştefan cel Mare din Suceava" University, Romania, was represented in the Republic of Moldova by the group formed by Assoc. Prof. Dr. habil. Dumitru Mihăilă, Drd. Andrei Mihalache, Drd. Anca Cituran and Drd. Maria Pamfilii for a working visit. The meeting was also attended by Associate Professor Anatolie Puțunica, PhD, from the Ion Creangă State Pedagogical University in Chișinău.

As part of this initiative, a collaboration agreement was concluded between the "Ştefan cel Mare" University of Suceava and the State Hydrometeorological Service of the Republic of Moldova for scientific collaborations. The collaboration agreement aims to:

- creating scientific research projects;
- publishing scientific articles;
- participation in scientific symposia and conferences;
- training and education of the personnel of both parties;
- organizing research applications in the geographical field.

The working visit also covered the installation of meteorological shelters for the bioclimatic characterization of the main resorts (Sanatoria) in the Republic of Moldova, which is the subject of a doctoral thesis. These include:

- Nufarul Alb Sanatorium, Cahul;
- Bucuria Sind Sanatorium, Vadul lui Vodă;
- Codru Sanatorium, Calarasi.

The development potential of the listed resorts is very high. The scientific studies that will be carried out over time in the completion of the doctoral thesis and the complementary scientific articles will bring additional knowledge to the evolution of resorts in the Republic of Moldova.

### Conclusion of the collaboration agreement

Meeting between the USV delegation and the delegation of the State Hydrometeorological Service of the Republic of Moldova – Chișinău. SHS was represented by Director Mihai Grigoraș, Head of the Meteorological and Hydrological Monitoring Center Lidia Treșcilo, and Head of the Forecasting and Warning Center Tatiana Dabija. Thank you!

## Installation of a bioclimatic monitoring network

*The White Water Lily – Cahul*

*Vadul lui Vodă – right bank of the Dniester River*

*PhD student: Andrei Mihalache*
